The following phrases describe skills or behaviors that your child might exhibit during social interaction or social situations. Please rate HOW OFTEN your child exhibits each skill or behavior independently, without assistance from others (i.e. without reminders, cueing and/or prompting). You should base your judgement on your child's behavior over the last 3 months.

N=Never or Almost Never

S=Sometimes or Occasionally

O=Often or Typically

V=Very Often or Always

SOCIAL SKILLS PROFILE

Please use the following guidelines to rate your child's behavior:

Circle **N** if your child never or almost never exhibits the skill or behavior.

Circle **S** if your child sometimes or occasionally exhibits the skill or behavior.

Circle **O** if your child often or typically exhibits the skill or behavior.

Circle **V** if your child very often or always exhibits the skill or behavior.

Please do not skip any items. If you are unsure of an item, please provide your best estimate. You may use the "Brief Description" section to provide additional information on the particular skill or behavior. For instance, if your child will exhibit a particular skill or behavior more frequently when cueing or prompting is provided, or when interacting with adults rather than peers, please make note of this in the "Brief Description" section.
